Employee Retention Credit Service

Celebrate free cash!

Yes! You may qualify even if your business did not have a revenue reduction or was deemed essential. This cash opportunity is available to both small and mid-sized businesses. It's called the Employee Retention Tax Credit (ERC), and it's a stimulus program designed through the CARES Act to help businesses that were able to retain their employees during the Covid-19 pandemic.

2 WAYS TO QUALIFY

Full or Partial Suspension of Operations: A government authority required partial or full shutdown of your business during 2020 or 2021. This includes your operations being limited by commerce, inability to travel, or restrictions of group meetings.

Gross Receipts Reduction: Criteria changes from 2020 and 2021, but are measured against quarters from 2019 pre-COVID amounts. To repeat: you do not need a revenue decline to qualify! In fact, many businesses had a revenue increase and still qualified.

HOW DOES IT WORK

ERC is a refundable tax credit you can claim today for your business. This means the cash is not a loan. There is no payback!

The credit is based on qualified wages and healthcare paid to employees during 2020 and most of 2021. The ERC is claimed on an amended quarterly payroll tax return (Form 941X).
