

# Chief Financial Essentials

**AMPLIFI**

## #1 Top Pick for Hungry Solopreneurs

Starving for smart insights, growth hacks, and been-there-done-that tips and tricks? We will add fuel to that fire and get your business fit for success. You need nutritious CFO guidance filled with impactful money-driven topics like:

- Business Fundamentals
- Budgeting and Cash Flow
- Investment Strategies
- Risk Management
- Taxation and Compliance
- Financial Reports
- Debt Management
- Pricing Strategies
- Inventory Management
- Marketing and Sales
- Customer Retention
- Cash Reserve Planning

Structured to provide focused direction but flexible enough to be customizable - go as fast or as slow as you like on any given topic. If a sudden issue arises and you need financial counsel, choose your weekly session to go AMA or "Ask Me Anything" and you can discuss what fits your needs best and return to your structured topics when the time is right. It's CFO time that fits your busy schedule but keeps you moving on your path to success, wherever you are in your entrepreneurial journey.
